HHAP funding is flexible, and it can be used for staff, client assistance and the project listed. Applicants will submit a budget with staffing plan and if it stays within the budget and fits the criteria of the state, the review panel will determine eligibility.

Will there be continued funding for the programs?

Applicants are encouraged to leverage funding to sustain the program. This program is one time funding.

Will there be another round of HHAP Funding?

Yes, there will be another round of funding, HHAP 5 Funding, available at the later part of next year.

For Diversion and Landlord Incentives, are you looking for a single provider or multiple providers considering how much money is available?

BKRHC is open to multiple providers. Providers are asked to include their scalability because multiple providers may be equally good, and the review panel may have thoughts on how to improve the plan. The Cost Effectiveness/Leverage section in the application provides an opportunity for the applicant to "address scalability of the activity, whether it could be a smaller or larger project".
